

Jericho Energy Ventures: Hydrogen Technologies President Janet Reiser Chosen For 'Women in Hydrogen 50' by Hydrogen Economist

NEWTOWN, PA, and VANCOUVER, BC / ACCESSWIRE / May 11, 2022 / Jericho Energy Ventures Inc. (TSXV:JEV)(OTC PINK:JROOF)(Frankfurt:JLM0) ("Jericho" or "JEV" or the "Company") is pleased to announce that Janet Reiser, President of its wholly owned subsidiary **Hydrogen Technologies, LLC** ("HT"), has been chosen for the "**Women in Hydrogen 50**" which profiles 50 influential and boundary-pushing women in the growing hydrogen sector.

Ms. Reiser was selected for, and will be profiled as, one of 10 women in the Technology & Innovation category.

The Women in Hydrogen 50 initiative is presented by [Hydrogen Economist](#), a publication of London based PE Media Network.

Ms. Reiser is an experienced policy maker, senior executive, program manager with over 35 years of experience in energy management, engineering, construction, and telecommunications. Prior to joining HT, she ran the governmental Alaska Energy Authority. She is experienced in all phases of enterprise development and operations as well as in executive and technical management. She is a Chemical Engineer by education.

Brian Williamson, CEO of Jericho Energy Ventures, commented, "We are proud but not the least bit surprised that Janet was included in the inaugural Women in Hydrogen 50. We believe that she will be an important figure not only for JEV and its rapidly developing hydrogen business, but for the overall global energy transition."

About Hydrogen Technologies

Hydrogen Technologies (HT) offers its award-winning CLEAN, ZERO-EMISSION ENERGY SOLUTION for the Commercial and Industrial Boiler Market. There are a wide range of applications for our cleanH2steam DCC™ Boiler, which work much like traditional commercial heat, hot water and industrial steam boilers: be it power generation plants, district heating, food processing, chemical refining, pulp and paper mills or large venue halls, HT has a reliable, efficient, and clean solution for your needs.

About Jericho Energy Ventures

Jericho Energy Ventures (JEV) is focused on advancing the low-carbon energy transition with active investments in hydrogen technologies, energy storage, carbon capture and new energy systems. Our wholly owned subsidiary, [Hydrogen Technologies](#), delivers breakthrough, patented, zero-emission boiler technology to the approximately \$30 Billion Commercial & Industrial heat and steam industry.* We also hold strategic investments and board positions in [H2U Technologies](#) (a breakthrough electrocatalyst and low-cost electrolyzer platform) and [Supercritical Solutions](#) (developing the world's first, high pressure, ultra-efficient electrolyzer). Jericho also owns and operates producing oil and gas assets in the US Mid-Continent, predominantly in Oklahoma.

This news release contains certain "forward-looking information" and "forward-looking statements" (collectively, "forward-looking statements") within the meaning of applicable securities laws. Such forward-looking statements are not representative of historical facts or information or current condition, but instead represent only Jericho's beliefs regarding future events, plans or objectives, many of which, by their nature, are inherently uncertain and outside of Jericho's control. Forward-looking statements are frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words, or statements that certain events or conditions "may", "will" or "may not" occur.

Forward-looking statements are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking statements, which include, but are not limited to: the impacts of COVID-19 and other infectious diseases; general economic conditions; industry conditions; current and future commodity prices and price volatility; significant and ongoing stock market volatility; currency and interest rate fluctuation; governmental regulation of the energy industry, including environmental regulation; geological, technical and drilling problems; unanticipated operating events; the availability of capital on acceptable terms; the need to obtain required approvals from regulatory authorities; liabilities and risks inherent in oil and gas exploration, development and production operations; liabilities and risks inherent in early stage hydrogen technology projects, energy storage, carbon capture and new energy systems; changes in government environmental objectives or plans; and the other factors described in Jericho's public filings available at www.sedar.com.

The forward-looking statements contained herein are based on certain key expectations and assumptions of Jericho concerning anticipated financial performance, business prospects, strategies, regulatory regimes, the sufficiency of budgeted capital expenditures in carrying out planned activities, the ability to obtain financing on acceptable terms, expansion of consumer adoption of the Company's (or its subsidiaries') technologies and products, and the success of investments, all of which are subject to change based on market conditions, potential timing delays and other risk factors. Although Jericho believes that these assumptions and the expectations are reasonable based on information currently available to management, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements. Investors should not place undue reliance on forward-looking statements.

Readers are cautioned that the foregoing lists are not exhaustive. The forward-looking statements contained in this news release are made as of the date of this news release, and Jericho does not undertake to update any forward-looking statements that are contained or referenced herein, except as required by applicable securities laws.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
